

If you knew your daughter had a 1 in 4 chance of being robbed at college,  
how would you view the safety of the campus?

One in four college women are raped.

What aren't we teaching our sons?

- 37.4% of women raped are between the ages of 18 and 24<sup>1</sup>.
- College women are most vulnerable to rape during the first few weeks of the freshman and sophomore years.
- 60% of male college students "indicated some likelihood of raping or using force in certain circumstances."
- Every 21 hours there is another rape on an American college campus.
- 90% of all campus rapes occur under the influence of alcohol.
- 43% of college men admit using coercive behavior to have sex, including ignoring a woman's protest; using physical aggression; and forcing intercourse; 15% acknowledged they had committed acquaintance rape; 11% acknowledged using physical restraint to force a woman to have sex.
- One in twelve college-age men admit having fulfilled the prevailing definition of rape or attempted rape, yet virtually none of these men identify themselves as rapists.
- 78% of the men identified (as rapists) were an acquaintance, friend or boyfriend of the victims.
- Most rapes occur on the weekend.
- Of the college women who are raped, only 25% describe it as rape.
- Of the college women who are raped, only 10% report the rape.
